

# 2023

# Legislative Dinners

The Kansas Hospital Association will be hosting several legislative dinners around the state in the coming months. The intent of the events are to build relationships with elected officials and educate them on issues to help with the workforce needs of hospitals and communities around Kansas.

During the event, KHA will host an interactive experience for you to discuss a key topic identified by our membership: hospital financial challenges.

The format will be focused on small group dialogue between your hospital team and legislators on how each policy solution may help your hospitals and your communities.

An invitation has been extended by KHA to the elected officials in your area. If you are able to attend, we strongly urge you to personally invite your elected House and Senate members. To find contact information based on your hospital address you can visit: <https://openstates.org/>. It is our experience elected officials will make every effort to attend these events when they hear directly from their constituents.

Registration for you and your staff is available [online](#), or you may respond to this e-mail regarding your availability. Please pass this along to any staff members interested in attending. In the meantime, if you should have any questions, please contact Tara Mays at [tmays@kha-net.org](mailto:tmays@kha-net.org), or Lorri Dean at [ldean@kha-net.org](mailto:ldean@kha-net.org) or (785) 233-7436.
