## We CARE We VOTE – Pledge and Order Form

The Kansas Hospital Association is continuing the We CARE We VOTE campaign, a statewide initiative to empower and educate health care workers about how they can get out and vote during the 2022 elections. The campaign encourages hospital employees to participate in the 2022 elections to show elected officials and candidates that we care – for our patients, our communities, and our local and state economies.

2022 will be a critical election year, and the individuals we elect will make many important decisions concerning the future of health care – and, ultimately, the future of Kansas hospitals. We encourage hospitals to elevate their advocacy efforts leading up to the Aug. 2 Primary Election and the Nov. 8 General Election, calling on hospital employees, physicians, trustees, vendors and volunteers to join together to make the voice of the industry heard.
