

GRANTS AT A GLANCE WEBINAR

May 10, 2024
Noon
Webinar Fee: No Charge

Do you need help finding and applying for grants?

Grants can be a great way to start and/or maintain non-reimbursable programs, but the process of finding and applying for grants can be overwhelming. Do you qualify for the grant? What is the funder looking for? How do you decide if it is worth the time invested to apply?

Healthworks has a new project to help hospitals with these challenges. Through a partnership with Affiliated Enterprise Solutions, we will provide a monthly newsletter highlighting potential grant sources, webinars to enhance grant writing skills and individual consulting options.

Healthworks is hosting an informational webinar on May 10 for hospitals to learn about this project. Topics include:

- **Introduction to Affiliated Enterprise Solutions:** Get to know Healthworks' Grant-writing partner
- **Efficient Grant Search Strategies:** Learn quick tips to streamline your grant search process
- **Initial Assessment Techniques:** Understand what crucial elements to identify in potential grants
- **In-depth Evaluation:** Discover the critical questions to ask for a comprehensive understanding of grant opportunities

AES is a consulting firm working primarily with not-for-profit hospital and health care associations, as well as hospitals and health care facilities to provide RFP support, outsourced due diligence services and grant services. They assist with needs assessments to match clients with relevant federal, state and private grants, brainstorming with the community or your staff to design grant programs and grant writing that includes mutual planning of programs and budget.

We encourage hospital CEOs, CFOs other hospital leaders interested in grant funding to participate in this webinar.
