Does Your Charity Care Policy Need a Refresh?

As the number of uninsured patients grows, the number of patients seeking financial assistance with their medical costs continues to grow.

Join us at noon on Nov. 12 for a financial webinar where Dan Clark and Austin Perkins from Forvis Mazars provide an overview of charity care reporting. They will discuss the current state of the industry, best practices for financial assistance policies, 501(r) tax implications and downstream reimbursement considerations. This introductory webinar provides you with knowledge to develop forward-thinking charity care and financial assistance policies to tackle the important issue of patient medical debt as it continues to evolve.
