Join Kansas Health Service Corporation at noon on Thursday, June 19 for a valuable webinar featuring USMedic, where we'll explore how consolidating your medical equipment service contracts into a single, streamlined Maintenance Service Agreement can transform your organization's maintenance strategy.

Discover practical ways to reduce costs, save time and gain greater control over your maintenance expenses. The session will also cover tailored coverage options designed to meet the unique needs of your facility, as well as the financial benefits of consolidation—including guaranteed annual savings and reduced administrative overhead. Additionally, you'll explore how access to real-time asset data and transparent reporting can empower your organization to make smarter, data-driven decisions.

### Program Highlights & Benefits:

- 15 – 20 percent savings off current equipment maintenance contracts, service agreements or service agreement quotes.
- Single Annual Member Agreement replaces multiple Original Equipment Manufacturer or Independent Service Organization agreements.
- Reimbursement for in-house services at a designated labor rate.
- End-of-service support extends equipment life and delays costly capital purchases.
- Performance rewards deliver bonus savings beyond your current service expense.

This is a must-attend event for health care leaders looking to optimize maintenance operations and maximize ROI on medical equipment. Plus, you'll have the opportunity to get your questions answered by industry experts.
