

# NOON BRIEFING

---

## Modernized Scheduling for VA Community Care Appointments

---

**July 8, 2025**

Noon - 1:00 p.m.

**[Click Here to Register](#)**

Join the Kansas Hospital Association on July 8 at noon to learn how the Department of Veterans Affairs is transforming the way community care appointments are scheduled. The External Provider Scheduling program is a cloud-based solution that allows VA schedulers to book directly into a scheduling system, making the referral process faster and more efficient at no cost to you.

This approach eliminates the back-and-forth of phone calls and faxes, giving staff more time to focus on patient care. EPS seamlessly integrates with more than 150 electronic health records and scheduling platforms, including leading industry partners like Zocdoc, Blockit, and Kyrus. The primary facility maintains full control of the facility's calendar, choosing the appointment slots to share. EPS is secure, simple to use, and designed to improve collaboration between providers and the VA.
