

LIVE PRODUCT INFORMATION WEBINAR

Date: Sept. 16, 2025

Time: 10:00 a.m.

Duration: 60 Minutes

Instructor: Derrick Stowers

Location: Online

To Register: <https://registration.kha-net.org/>

Webinar Overview:

In this webinar, participants will gain practical knowledge of how *careLearning's* Learning Management System will help organize and manage your education. *careLearning* also offers a new pricing model for smaller facilities that allows an a la carte feature selection, so you only pay for what you need. *careLearning* is a non-profit member service of the Kansas Hospital Association and over 40 other state hospital associations.

Areas Covered in the Session:

- Discover who *careLearning* is and what they have to offer including the LMS and full course catalog.
- Learn how their system will assist your organization in effectively managing online education.
- Maximize course offerings for your employees in a cost and resource effective way.
- Experience how easily you can run audit reports and materials.
- Discover how to streamline the resource intensive new employee orientation process.
- Learn about the implementation process including timelines and requirements.
- Hear how their product support sets us apart.

Who will benefit:

Anyone who has a vested interest in providing education to employees. This might include:

- Staff educators
- Human resources
- Nursing executives or managers
- Compliance officers
